DECEMBER 2024

## MPS Alumni Highlight!

Our MPS Alumni Victoria Giang, who is currently an M4 student in CNU College of Medicine had a CME with COM. CME title: **Mitigating Risk of Harm for Youth in Social Media Use**. She gave an overview of the science behind Dr. Murthy's call for warning labels for youths using social media, and what to do about it. We are proud of our MPS alumni as they keep inspiring us with their hardwork.

## MPS Student Achievement

We are happy to highlight our MPS Faculty Dr. Eslam Mohamed and MPS2 student Jordan Darling's achievement. Jordan has been selected to give an oral presentation at the ASPET 2024 Annual Meeting being held April 3rd to 6th in Portland, Oregon. We wish Jordan all the very best and are proud of him for representing the CNUMPS program on a national level.

## CONGRATULATIONS!

Congratulations to our MPS Faculty Dr. Eslam Mohamed and MPS2 student, Jordan Darling. Jordan has been selected to give an oral presentation at the prestigious ASPET 2025 annual meeting being held April 3-6, 2025, at Portland, Oregon, USA.

Jordan is a very dedicated graduate student who has passion for research. He will present his master thesis project during ASPET 2025. The abstract title for Jordan's project is "Targeting Mitochondrial LONP1 to Induce Immunogenic Cell Death in Melanoma".

Dr. Eslam Mohamed

Jordan Darling
